### RED DEER MINOR HOCKEY & PARENT(S)

WELCOME to the 2009-2010 Hockey Season in Red Deer. Red Deer has enjoyed a great history in minor hockey and has had several players continue their hockey careers beyond Midget. These results are achieved only because of the hard work and dedication of the players, parents and volunteers. Coaches, managers, parents and the Red Deer Minor Hockey Board of Directors dedicate countless hours to the success of our program. The success and enjoyment would not be possible without the coordinated efforts of our paid staff, which endeavor to make both you and your child's minor hockey experience a memorable and positive one.

Red Deer Minor Hockey continues to make our tryout/evaluation systems better. Our tryout procedures will continue to be similar at most levels. We continue to make positive modifications to our processes, thus enhancing your minor hockey experience. Although Red Deer Minor Hockey realizes that while complete satisfaction from every parent and child within our system is ultimately one of our goals, in the past this has not been feasible. Changes and improvements are continually being sought and implemented to improve on discrepancies.

Parents and children will be given a information sheet at the start of tryouts outlining the format. **Tryout times and groups will be posted on our website under the TRYOUT/EVALUATION link on [www.reddeerminorhockey.com](http://www.reddeerminorhockey.com)** . There will be **NO** appeal or further discussion tolerated after any team has been drafted or at any time during the process and they must be adhered to for the process to be successful. By signing the Registration Form you and your child agree to the Rules and Regulations of Red Deer Minor Hockey. Failure to adhere to them could result in possible suspensions and/or immediate release from the Association's Membership.

We are confident that Red Deer Minor Hockey's position in the hockey realm will continue to grow stronger and that our system will instill confidence and adoration. Our goal is to place kids in a positive environment, making lifelong friends, establishing respect, developing talents and most of all, having fun from the five year old program through to the last year of Midget. Hockey not only develops hockey skills, but also prepares the participants for what life has to offer after minor hockey.

Thank you in advance for your part in making Red Deer the best place to learn, teach and play hockey.
